

PARK DESIGN UNDERWAY!

We need your help!
 The city has allocated \$750,000 towards construction of the bike park. BMA has a goal of raising an additional \$500,000 from the community, riders and sponsors to help fund several enhanced and epic features and for future maintenance.

For opportunities to discuss sponsorship of park features, major elements or naming rights please contact Bobby Noyes, bobby@rockymounts.com for details.

Boulder is a mecca for cycling, and this bike park will be the epicenter for recreation, training and even world class racing for various riding disciplines. Once built, the park will be free and open to users of all skill levels and abilities. Please help us make this park a world-class destination facility through your tax deductible contribution. Every dollar will help fund additional features, enhancements and amenities. Donations can be mailed via the enclosed form, or made online at www.valmontbikepark.com.

Thanks to overwhelming community support, the bike park at Valmont City Park is becoming a reality!

The city of Boulder Parks and Recreation Department is moving forward with design of the bike park at Valmont City Park. Boulder Mountain Bike Alliance (BMA) is partnering with the city to realize the dream of an off-road cycling park in Boulder. A ground-breaking ceremony is anticipated in 2009. The 40 acres located at the intersection of Valmont and Airport Rd. will soon be home to an amazing bike park!
